

HIPAA Compliance Training

OVERVIEW

Update and train your staff on the HIPAA regulations, such as Breach Notification, enhance patient rights, and changes in your relationship with Business Associates.

Dental offices must NOT limit their HIPAA compliance to “that HIPAA form new patients sign when they come in”. Review the new Omnibus Rule, the newest update finalized on September 23, 2013.

The HIPAA one-two hour training session includes a Check List designed for dental offices, attendance records forms and follow-up email of findings.

Existing PDS Accounts \$250.00 - New PDS Accounts \$300.00

ONGOING TRAINING

The HIPAA Privacy and Security Rules and the HITECH Act (Health Information Technology for Economic and Clinical Health) amendments require privacy and security training for all new and existing members of a Covered Entity’s workforce.
